

# *El Rancho School*

*Carmichael, California*

February 24, 2021

Hello El Rancho School families.

El Rancho School welcomes you to register your child(ren) for the upcoming 2021 – 2022 school year. Many current families have already expressed interest in registering their child for the kindergarten – 6<sup>th</sup>-grade elementary school program that starts August 23, 2021. We are giving currently enrolled families the first opportunity to enroll now through March 19<sup>th</sup>. After that, we will be registering new students for the upcoming school year.

The more hours your child is in class gives more learning opportunities. The hours your child is in class will increase to 9 AM-2:30 PM, Monday - Friday. Our school hours, 7:30 AM-5 PM, will remain the same. The school will inform families if rotating auxiliary teachers for Spanish, music and physical education will be allowed by Sacramento County Public Health.

Students will not be wearing school uniforms during the 2021-2022 school year. They will continue to follow the former “Free-Dress Standard” and updates have been made to that section of the handbook for clarification.

You will notice that El Rancho School has kept the monthly tuition the same. This is to help support families during COVID-19. The annual registration fee has increased to cover the cost of cleaning/sanitizing products that are purchased in bulk.

We invite you to register your child at El Rancho School for the 2021 – 2022 school year.

Holly Olson, Principal

**El Rancho School**
